

My Online Chinese Language Textbook

Learning Chinese Language becomes more fun and effective with My Online Chinese Language Textbook!

Introduction:

Beginning from 2011, the Ministry of Education, Malaysia introduces the Kurikulum Standard Sekolah Rendah (KSSR) – a new curriculum for the 6 years primary education. Currently, your child in Primary 1 and 2 are using the new KSSR Chinese Language textbooks which are published by us –**The Malaya Press Sdn. Bhd.** Working in collaboration with Creative Knowledge Pte. Ltd. in Singapore, we have produced an electronic version of the two textbooks. We believe the young students will find the electronic textbooks extremely helpful when the lessons they learned in the classroom could be repeated again and again.

The electronic textbook has the following functions:

Listening

Being in the electronic format, it is now possible to enhance the texts with voice-over narration.

Reading

The record-and-playback function helps to improve reading and proper articulation of the characters.

Writing

The animated graphic function is used to demonstrate the correct stroke sequence in writing the Chinese word and the pinyin.

Dictionary

It also has a build-in dictionary for checking the meanings and pronunciation of every word in the book.
